

# Ministry of Education Bulletin

May 23, 2018

---

## Purpose of Bulletin

The purpose of this bulletin is to provide information on updates to the *Diploma Verification Report*, *School Transcript Report*, and *Permanent Student Record* in MyEducation BC to support the new graduation program.

**Audience:** L1s, counsellors, principals

## Reports Updated to Support Graduation 2018 Program

To support the new “Graduation 2018” program and 10-12 curriculum, three reports in MyEducation BC will be updated to correctly calculate and report graduation progress and to include the new numeracy and literacy assessment requirements:

- *Diploma Verification Report* (DVR)—intended to assist school counsellors in advising students on their graduation progress
- *School Transcript Report*—an unofficial transcript schools may share with students, which mimics the style and content of the official Ministry of Education transcript
- *Permanent Student Record* (PSR)—a report of the student’s record of schooling from K-12

These changes are scheduled for implementation May 27, 2018.

All three reports will continue to support existing graduation programs (e.g., adult graduation program, 2004 graduation program, etc.) in addition to the new “Graduation 2018” program.

For official transcripts and certificates, students should use the new [StudentTranscripts service](#), which can be used to:

- View or order a secondary school transcript
- Send secondary school transcripts to post-secondary institutions
- Order a graduation certificate
- View scholarships
- View provincial exam or graduation assessment results

For questions related to graduation requirements, please contact [student.certification@gov.bc.ca](mailto:student.certification@gov.bc.ca), and for the new curriculum, [curriculum@gov.bc.ca](mailto:curriculum@gov.bc.ca).
