Assessments Results Analysis

Nonfiction Reading Assessment - NFRA FALL

Shows the breakdown by Strand for the district assessment, you could also use the grade filter to show just one grade at a time, or use the indigenous or SPED filters

Readiness Subjects Dashboard (shows core subject comparison to districts - current marks (Q1 or T1))

Home → Leadership → Dashboards → Readiness Subjects → Performance Descriptor

Select any of the filters you wish to see (you may wish to try Intermediate or primary and select a reporting period from the list Final marks or Q1)

Shows all schools and then the user's schools below for comparison.

Similar to the Performance results by assessment item when looking at marks, but this report is only for core subjects.

Leadership Report (attendance trends last five years)

Home → Leadership → Reports → Leadership Report Basic

Select Assessment = Attendance (district assessments are also good here)

Filters = Absent for term/ sub assessment

Group by = Grade or indigenous or other (depends on what you wish to see)

Page 2 has the trend for the last five years for the whole school (no filters here)

Data Appendix changes

The appendixes for the secondary schools have been sent to you and are in the Superintendents shared google folder.

The elementary school's appendixes are being completed now.

Changes

- The Pdf document will include the table of data that the charts originate from
- There are new charts that show subgroup comparisons, and then indigenous and SPED.
- The Student Learning Data is now shown by grade and overall, with charts to match.
- The plus / minus information is for the row item (meaning just the all student not compared to another item)
