

MyEducation BC Release Notes – Build 5.8

Release Date in Production: January 5-7, 2018

Release 5.8 introduces minor functional for ease of use in School and Staff Views.

The release also includes several OSC functional enhancements to address BC specific needs, and several corrections to functionality (with KBA references included).

Change Area	
Gradebook	<p>The Categories side tab is back. It was removed in R5.6 and there has been consistent feedback requesting its return since then.</p> <p>Categories are now available in both in Course Section Details and in the Categories side tab.</p>
Next Homeroom	<p>Schools can now assign a Next Homeroom to students as this field is now editable by the Next School (i.e. receiving school) OSC-00272</p>
Gradebook	<p>Teacher created Course Nicknames now display in the Planner. OSC-00365</p> <p>Staff View: Planner > Options > Add Assignment > Classes field Planner > Click on a Date > Add Assignment > Classes field</p>
Student Schedule Workspace	<p>Student Schedule Workspace List view now includes a scroll bar</p> <p>School view > Student > Schedule > Workspace > List view</p>
Combined Classes Enrollment totals	<p>Combined Classes Enrollment totals are now visible when scheduling individual students from the School and Build Views. OSC-00411</p> <p>School View</p> <ul style="list-style-type: none"> • Student > Schedule > Workspace > Select <i>button</i> • Schedule > Master > Classes > Details <p>Build View</p> <ul style="list-style-type: none"> • Student > Schedule > Workspace > Select <i>button</i> • Workspace > Master > Classes > Details
