

Implementation Date
May 27, 2015

Release Highlights		
Change Request Number	Function	Changes
160205	Configuration Changes	<ul style="list-style-type: none"> • Modified the Mailing address so that users can input a mailing address of SS Site. • Created a new folder for Yukon/BC for student services designation pick list. • Created new user defined fields on Student Program Table (to be used in conjunction with district defined Programs). These fields can be found on the “District Registration Information” Template list (drop down list on the top right when on Student Program details). These fields allow districts with centralized registrars to capture information. No additional functionality is associated with these fields. The following new fields were created: <ul style="list-style-type: none"> ○ Assessment Date ○ Assessment Results ○ Notes to School ○ Registrar ○ Registration Date ○ Registration time • Modified the field ‘Is Section Scheduled?’ on Schedule Build Master as mass-updatable. • Modified the Goal Bank Categories reference table so that district users can add/delete district or school level categories
