Class to Daily Attendance	<ul style="list-style-type: none"> Modified class to daily attendance procedure to calculate the percent absent portion correctly. In order to set up the school to use the Class to Daily Attendance procedure, select the 'Class to Daily Attendance procedure?' checkbox in the school setup details School view > School top tab > Setup side tab > Details leaf Schools can assign certain periods as "out of the timetable" for Attendance. To do this, go to the School view > Schedule top tab > Structure side tab > Periods sub-side tab, and change that period's "Is Scheduled?" field to No (unchecked). The Class to Daily Attendance procedure is a scheduled job that runs nightly at the Enterprise level. This procedure will take existing Class/Period Attendance, and create a Daily Attendance value based on a student's schedule for that day. The procedure can also be run manually in the School view on Attendance top tab > Daily Office side tab or Class Office side tab (Options> Class Attendance to Daily Attendance) . Procedure can be run for date range by entering the start and end date of a date range on the pop up menu. The procedure can be run multiple times a day if required.
