# MyEducation BC / BCeSIS Release Notes

| Implementation Date |
|---|
| September 2, 2015 |

| Summary | Details | Change Type |
|---|---|---|
| Mass E-mail log | The new email log provides the ability to review emails sent through Send email on the Options menu. The log contains records for emails sent from the District, School, Staff and Special Education views, and displays the:<br>• Date and time the email was sent<br>• Subject line<br>• Name of user who sent the email<br>• Total number of recipients<br>• Email addresses of recipients<br>• Owner or organization the email was sent from | New Functionality |
| New Search box | A new Search box now displays on all standard lists (e.g. staff or students) and pick lists. Enter the search value and click on the magnifying glass icon, or press Enter/Return, to activate the search. The search jumps to the selection that is the closest match to the value entered. | New Functionality |
| Failed Jobs alert | It is now possible for users to be notified when their scheduled jobs fail. The Scheduled Job Notification preferences provides the ability to define who receives notifications, the window of time during which email notifications are sent to the recipients, and how frequently they are sent. | New Functionality |
| Transcript Records | The 2014-2015 Credit Details records have been converted. | Addition to Existing Data |
| Transcript Records | Credit Detail records with the values W, I, NM and anything under 50 have been changed to a value of zero. | Data Correction |
| Transportation | A new Bus Information field set has been added under the Student top tab. | Addition to Existing Functionality |
| General Data Extracts (GDEs) | Exception errors resolved for the following:<br>• GDE Medical Information - Exception error resolved.<br>• GDE Parent Information – Sibling data in system now populates extract. | Correction to Existing Functionality |
