10. Drag and Drop 6 **Banner** Widgets (one for each competency)

11. Rename each banner with the Core Competency

12. Edit each banner and copy-paste google document information

Communication

- With support, I respond meaningfully to communication (understand and share) from peers and adults: I can be part of a group. (With support I understand and share meaning with peers and adults. I can be part of a group)
- I communicate (understand, share, respond, present) with peers and adults with growing confidence, using forms and strategies I have practiced. (in practiced ways)
- I communicate clearly (actively listen, clarify, extend questions, support others, receive constructive feedback) in an organized way, using a variety of forms.
- I communicate confidently (synthesize, analyze, discuss/ collaborate, provoke questions, integrate information, manage conflict & provide support, act on constructive feedback) in organized forms that show attention to my audience and purpose
- I communicate effectively (acquire, critically analyse & integrate information, implement technologies, acknowledge & link different perspectives, utilize various strategies and experience, utilize constructive feedback) in well-constructed forms that are effective in terms of my audience and purpose.
- I am able to engage and accomplish my purpose (make detailed analysis & strategic choices, show expertise, provide leadership, focus on transformation, articulate my strengths) with an increasing range of audiences.

17. Suggestions about Group Resources

- Use the Group Resources section to keep YouTube videos, links to documents, photos, etc.
- You can also add things into this section from your phone, or iPad/Chrome book.
 - NOTE: You have to have this set up before you load photos/videos/sound from a mobile device.
 - NOTE: You can add a photo from your Group Resources to one of the Banners by following the photo directions above. Remember, that in the Banner sections, there is a limit to the size of the photo.
- Other Widgets: Some of the Widgets can be placed multiple times on your page – example, Banner. Some of them can only be used once – example Group Resources. When the widget turns dark, you can't add any more to your page.
- Access to your portfolio: Only the student, his/her teachers and parents have access to the student's portfolio. Widgets like Forum and Survey will only work with those who have access to the student's portfolio page.
